Subject: Materials / Agenda for Today's WG Meeting

To the WG and Other Participants

Reminder: We have a WG meeting scheduled for today at 2pm ET. The meeting will be in Ariel Rios North room 6524. For those offsite, you can call in at: Personal / Ex. 6

Personal / Ex. 6 Code: Ex. 6 Personal Privacy (PP)

I've attached a copy of updated materials that were delivered to the Administrator at the Options Selection meeting. We will run through these materials and discuss the updates that have occurred since then. We will also provide an overview of some of the other key components that are included in the forthcoming draft preamble.

General Agenda for Today's Meeting

1. Roll Call
2. Summary of Status of Development of Package
3. Current Timeline and Next Steps for Core Workgroup Members
4. Presentation of Materials and Discussion
5. Closure

Also, while we expect to have ample opportunity for Q/A, we also recognize time is limited so for those offices where we are already having separate meetings on specific issues, we expect to continue to hold those off-line, so in the interest of time we will look to focus our discussion on remaining issues.

Thanks, Paul

Reminder: This information remains pre-decisional and deliberative and as always, should not be shared outside the agency.
